EGAN EMPLOYEES EARN LEED ACCREDITATION

MINNEAPOLIS, MN (January 2009) – **Duane Hendricks**, Executive Vice President of Electrical, **Jim Paul**, PE, Vice President, Service, and **Luke Tulenchik**, Assistant Project Manager have received their LEED accreditation from the U.S. Green Building Council (USGBC). The Leadership in Energy and Environmental Design (LEED) Green Building Rating System™ is a certification program and a nationally accepted benchmark for the design, construction, and operation of high performance green buildings.

LEED Accredited Professionals must demonstrate a thorough understanding of both green building practices and principles, and the LEED Rating System in order to earn the distinction.

With a history dating back to 1945, Egan is one of the largest specialty contractors in the United States. The company offers mechanical, electrical, systems and curtainwall/glass construction and services employing approximately 600 people, seasonally adjusted, and representing 18 trade unions in Minnesota.
