### EGAN EMPLOYEES EARN LEED ACCREDITATION

MINNEAPOLIS, MN (September 2008) – **Tom Addabbo**, Automation Account Manager, **Lou Ashfeld**, Mechanical Sr. Project Manager, and **Justin DeMars**, Mechanical Designer have received their LEED accreditation from the U.S. Green Building Council (USGBC). The Leadership in Energy and Environmental Design (LEED) Green Building Rating System™ is a certification program and a nationally accepted benchmark for the design, construction, and operation of high performance green buildings.

LEED Accredited Professionals must demonstrate a thorough understanding of both green building practices and principles, and the LEED Rating System in order to earn the distinction.

With a history dating back to 1945, Egan is one of the largest specialty contractors in the United States. The company offers mechanical, electrical, systems and curtainwall/glass construction and services employing approximately 600 people, seasonally adjusted, and representing 18 trade unions in Minnesota.
