BROOKLYN PARK, MN (February 2008) – The Egan Company announced today that Denny Lambert, has joined the company as Vice President of Sales and Marketing reporting to company CEO, Craig Sulentic.

“With more than 30 years of high level consultative sales in accounting services and management, Denny brings a strong background in corporate relationship building and business development to our company,” said Sulentic.

Lambert comes to Egan after 12 years at RSM McGladrey, recently as Regional Director of Business Development. In addition, Lambert spent time in business development with the Private Company Service Group at PricewaterhouseCoopers’ Midwest Business unit, and the CPA firm of Bertram, Vallez, Kaplan and Talbot specializing in mergers and acquisitions.

“We are very pleased to add Denny’s financial experience and partnering leadership to our company,” said Sulentic. In his Egan role, he will be calling on owners and property managers of major buildings presenting the economical benefits of Egan’s fully integrated, bundled services programs. In addition, he will work with Egan senior level account managers in building and expanding the company’s relationships with executives and directors at the area’s top General Contractor companies.

As the third largest electrical and third largest mechanical contractor in the state, Egan also offers service programs and systems, including building automation, fire/life/safety and industrial controls out of its Brooklyn Park headquarters. The company also offers aluminum curtainwall, doors, glass and glazing, specialty metals and composite metal wall panels through its InterClad Wall Group, one of the top two providers of these services in Minnesota. Egan was recently honored by Minnesota’s Chapter of the American Association of General Contractors for being named one of the Top Specialty Contractors in America by Engineering News-Record.
